

Grading

Grade construction

- 55% written examination (individual).
- 45% project work (15% per sprint).

Project work grading

- 10% in each sprint for implementing it using an automation framework such as Terraform. It must have the ability to install the exercise in an empty Exoscale account without human interaction.
- 5% in each sprint for demonstrating a working functionality without Terraform.

Marks

Positive grade: Minimum 60% score in written exam plus 60% of overall score required.
